## THE INDEPENDENT

THIRTY-SEVENTH YEAR

GRIMSBY, WEDNESDAY, AUGUST 24th, 1921

25.00 Per Year—5 Cents a Copy

W. J. Drope, Deputy Grand Master of the Grand Lodge of Canada of Ontario A. F. and A. M. The first man from a purely rural centre to ever hold this high office. He is also Principal of Lake Lodge Preparatory School for Boys, Grimsby.

### H. H. MARSH

The present and last Reeve of Grimsby Village. Grimsby takes on the dignity of a town and a Mayor on January 1st. A strange coincidence in connection with Reeve Marsh being the last Reeve of the Village lies in the fact that he was nominated for council the first time he was elected to the position of Councillor by the Late John H. Grout, who was the first Reeve of the Village. Reeve Marsh served as Councillor on and off for Eleven years before ascending to the Chief Magistrate's position.

### WILLIAM MITCHELL

Reeve of North Grimsby, and ex-reeve of Grimsby, which position he held for eight years straight.

### THE LATE JOHN H. GROUT

First Reeve of Grimsby Village, (1876-1883), and one of Grimsby's most prominent citizens, industrially and municipally for many years. Born in Grimsby, November 23rd, 1837. Died in Grimsby, January 15th, 1901.

Lieut. J. A. M. Livingston, wounded veteran of the Great War. Business Manager of Lincoln's Leading Weekly, The Independent.

At the foot of Beavers Falls, on The Old Forty.

CHARLES H. BROMLEY, Town Engineer. Mr. Bromley is the man who co-constructed the waterworks system, built the Mountain street pavement and is now building a paved roadway on Ontario street.

David Allen, postmaster

Ex-Reeve W. F. Randall, Supt. of Work and Clerk and Treasurer of Grimsby.

Exterior view of the large department store of K. M. Stephen, Grimsby.

Roses, Grown in Grimsby at the plant of M. O'Field and Sons.

JOHN C. FARRELL, Grimsby's Oldest Merchant. See article on first page of news section.

Picture Shows His Royal Highness, Prince of Wales conversing with Mrs. Jas. A. Livingston and Lieut. J. A. M. Livingston, at the time of his visit to Grimsby in 1919. The Prince is standing with his back to the camera.

## Scenes In and Around Grimsby Village

Factory Number 7 of the Dominion Canners Limited, located at Grimsby. This is the old original canning factory erected in 1880, by the late Beverly Nelles.

Scene at the Village Inn, Grimsby, at the time of the visit of the A. B. C. Peace Mediators

A view of Grimsby from the top of the mountain, taken in 1912

Carnegie Public Library and Park

Blossom time in the Great Grimsby Fruit Belt.

Grimsby High School

Plant of the Canadian Stoves Limited, Grimsby.

Grimsby Public School

Four room school in School Section No. One, North Grimsby

Plant of The Radiant Electric Appliance Co., Grimsby.

Main Street, Grimsby, looking west. Taken in 1912.

Four roomed school, S. S. No. 2, North Grimsby. In the Fruit Belt.

Main Street, Grimsby -- Taken in 1912 -- Looking East

## Scenes In and Around Grimsby Village

A view of the Eastern portion of Grimsby and three miles of its wonderful fruit producing country.

High Powered Oldsmobile Fire Truck of the Grimsby Fire Department

Do you Remember this factory. It is a picture of the old Basket Factory that stood on the top of the Mill Hill. Burned down in 1894.

Canning Factory of the Grimsby Fruit Growers, Limited.

View of the Campus and new wing of Lake Lodge School Grimsby.

Hotel Grimsby

Lake Lodge School, Grimsby. This building is over a hundred years old and is the homestead of the late Samuel Nelles.

His Excellency the Duke of Devonshire, paying his farewell visit to the Boy Scouts, at Hamilton, on Saturday, May 26th. His Highness is shown in the picture reviewing the Grimsby Scouts, accompanied by District Scoutmaster J. A. M. Livingston.

Memorial Gates at Lake Lodge School, erected by the school and former pupils of the school to the memory of former pupils who made the supreme sacrifice in the Great War.

## Scenes In and Around Grimsby Village

The old Mansion House of bygone days. (Now the Village Inn Annex and offices of the Niagara Peninsula Growers, Limited.)

Exterior View of Grimsby Waterworks Pumping Station

Interior View of Grimsby Waterworks Pumping Station

Peaches, long-covered. Grown in Grimsby.

A scene of the Great Grimsby Fruit Belt taken from the top of the mountain.

Tommy Wilcox, who has the boating and bathing concessions at Grimsby Beach, is a firm believer in Safety First. This picture shows Tommy and his class of youthful "water dogs" already for a dip in the cooling waters of Lake Ontario. Note how the youngsters are protected from drowning by life preservers.

A scene at the G. T. R. Station, Grimsby, taken on August 4th 1914, showing the Grimsby detachment of the 44th Regt. on their way for war duty.

Found on the shores of Lake Ontario, at Grimsby. Nest of Mud Turtle's Eggs.

Old fruit packing and shipping shed of Randall and Falcon bridge, at the G.T.R. This building at one time was the old Grand Trunk Station.

Tons of fruit from the Grimsby Fruit Belt, on the wharves at Toronto.

## Grimsby Welcomes Her Children Home

### HOME, SWEET HOME

The Old Boys' and Girls' Reunion is at hand—an event towards which many eyes have been looking forward for weeks and months. Hundreds, and even thousands, of former residents of the town and township—the "old boys" and the "old girls"—have been contemplating with expectancy the week and the day and the hour when they would set their faces toward the old home, and enter upon the journey thitherward. As the day would come closer, hearts would become more tender and the longing greater, to visit the old home and the scenes of other days—the days of childhood or youth or of maturer years. The ties that bind one to the old home are most sacred and a visit to the old home in a week set apart as "Old Home Week" when hundreds and thousands of others, the friends of other days, will gather likewise, makes an event that is very rare and one that will never be forgotten while memory lasts.

And here at home similar feelings dominate our citizens. It is a privilege beyond measure to be participants in extending a welcome to these citizens of former years, some of them our own kith and kin, some of them friends and acquaintances of long ago. Those at home have been looking forward also to this home-coming, and even those of our citizens who may have been with us but for a

short time can join with heartfelt interest and enthusiasm in this reception to the old boys and their families on this rare and eventful occasion.

While tender memories will be recalled in many instances, this will not be an occasion of sadness, but of rejoicing. We have a great deal to be thankful for. In our lives and in our homes, with but few exceptions, there has been much more sunshine than shadow, much more joy than grief. Our lives have been cast in pleasant places. We have a beautiful and progressive town and a lovely township. We have a goodly heritage.

To the home-coming Grimsby and North Grimsby extends the hand of welcome. The hands are already outstretched and a glad welcome awaits our visitors. Let us begin "The Reunion" to-morrow with heartfelt gratitude to Almighty God, who has spared us to see this auspicious occasion and has spared so many thousands of visitors to come and join with us at this happy time.

There will be an innumerable company whose distance and circumstances prevent their home-coming, but whose hearts will be with us in all our rejoicing and festivities, and we in turn will remember in all our gladness and celebrations the absent ones who would love so much to be with us.

### ATTEMPTED ROBBERY DOWN AT LAKE LODGE

A bold attempt at robbery accompanied by revolver shooting occurred at Lake Lodge School about two o'clock on Thursday morning last.

Shortly after two o'clock Gordon Drope was awakened by the sound of somebody walking in the hallway. He arose from his bed and going to the bedroom door opened it. As he did so a bullet whistled past his head and was closely followed by a second one. Standing outside the door in the dark was a man with a mark on and a gun in his hand. Drope rushed the marauder and grappled with him. The shots awoke the other members of the household but before they reached the scene Drope had succeeded in beating the burglar back and while bottling with him, knocked him down the stairs. After landing at the bottom the gun man picked himself up and made off rapidly, going out a door at the foot of the stairs.

A search of the grounds was made but no trace of the man could be found. The first bullet went past the side of Drope's head and through the window. The second shot went over his head and embedded in the ceiling.

Chief Kneble has been working on the case but so far has been unable to find the man on any person.

### REGISTRATION

All citizens are requested to see that Old Boys and Girls visiting at their homes go and register. The registration book will be in the Council Chambers in charge of a young lady and every Old Boys' and Girls' name is wanted in that book. See that they register.

### AN INNOVATION

A new innovation is being introduced for the Reunion that has never before been used at an affair of this kind. This is a simple one and one that will help Old Boys and Girls to renew acquaintances very easily. When every Old Time register, he or she will be handed a small tag with a cord attached. They will be asked to write their names and address on the tag and then tuck the cord to their buttonhole. In other words label themselves. This little tag it is believed will help many people to renew acquaintances and to make new ones and will also help the boys and girls to locate people they are looking for, so do not be lousy ladies when a man walks up and takes a look at your tag to see who you are. Any town people wishing tags for the same purpose can secure them at the registration booth in the Council Chambers.

### MILITARY NEWS

B Co. 20th Battalion will parade at the company rooms on Saturday morning at 10 o'clock sharp. In particular in the unveiling of the Memorial Gates. Dress Uniform.

Capt. W. W. Johnson.  
Acting O. C.

### GOOD WORK DONE ON MANY STREETS

Ontario, Maple and Lake Streets Much Improved—Over 4,000 Cubic Yards of Earth Moved From Ontario Street to Lake Street—Ontario Paving.

(By Chas. H. Bromley, Town Engineer)

Considerable work is in progress throughout the town, some just finished, some nearing completion and some on the point of starting. Ontario Street has been graded, curbed and gutter installed and foundation course of stone laid and rolled to refusal, and is now ready for the final course of two inch stone to take the traffic penetration cost.

Some idea of the magnitude of the work on this street can be gathered from the fact that to bring the mud grade to a depth sufficiently low to allow for the installing of a concrete curb and gutter it was necessary to remove 4,102 cubic yards of earth. This earth was used to bring the grade on Lake Street down from four feet to a four foot grade, in addition to which the road has been widened from a one track road (road had at that) to a 16 foot two track road and straightened out. New curbs were built of concrete with wing walls and the street is now a decent looking approach to GRIMSBY'S Collegiate School, Lake Lodge and is a stone through the whole distance. Lake Street on the East side of Maple Avenue has been widened and is now in good shape for travel.

Maple Avenue on this point is now being widened and a new approach to the lake along this picturesque road.

Ontario Street has now 4,600 feet of curb and gutter and bids fair to be one of the most beautiful streets in town.

Clark Street running from Ontario to Maple Avenue has had the grade materially reduced and is proving a great benefit to the fruit farmers in bringing their produce to the Grand Trunk station.

A sidewalk has just been completed along Maple Avenue to the G. T. railway tracks from Main street and will materially help in the giving the residents of this Avenue the benefit of an easy approach to Main Street.

New walks of considerable extent are now in course of construction on Mr. Armstrong's Survey "Lakerview" and also on "Fairview." The Marsh Survey. These two estates adjoin and when finished will make one of the most beautiful surveys that any town could desire, the streets running direct to the lake of which a clear view can be obtained throughout the entire length of the streets.

Water is to be immediately supplied, along mains connecting up with Paton Street.

The entrance to the Queens Lawn Cemetery is being improved by a stone entrance—approach of well designed cut stone of bold outstanding character suitably embellishing the lovely God's Acre of GRIMSBY'S dead. The work is well forward and will probably be finished by the time we go to press.

An innovation in the form of two flower beds have just been finished and planted. One is opposite Mr. Hewson's Factory and has changed an ugly spot into a most attractive feature on Main Street. The other bed is placed on the old triangle formed by the junction of Gibson Avenue, Main and Elm Streets and has in the centre an ornamental lamp post carrying a cluster of five lights which will do much to relieve a dark and dangerous spot at night.

Much work is being done on the streets and the general outlook is one of intelligent activity.

### A GREASY PIG

One of the big special features on the race track on Saturday afternoon will be an old time stunt that created merriment for the boyhood girls of the olden days. It will be CATCHING THE GREASY PIG.

Mr. Andrew Birch of North GRIMSBY is procuring and donating the pig and during the afternoon performance the pig will be well greased and turned loose on the track. The man who succeeds in catching the porcher wins him for his work.

There are not many of the younger generation who have seen this laugh provoking stunt pulled off but it was quite popular sport in the days gone by.

As many men as wish can enter this contest and the winner gets the pig.

### "Good Shoes For Over Sixty Years"

John C. Farrell, Grimsby's Oldest Merchant

Few stores there are in Canada which have been doing business for over sixty years. And still fewer are those in which the founder still takes an interest in the way things are going. GRIMSBY has such a store. Farrell's Shoe Store and the story of this business is best told by giving the life story of John C. Farrell coupled with a little history of GRIMSBY'S growth and progress.

John C. Farrell, who still on fine days can be found in his store talking things over with the boys was born in the State of Pennsylvania, the son of Patrick and Mrs. Farrell, who had just come over from the "old world." The family moved to Hamilton 71 years ago, then to Westport and a few months later to GRIMSBY. GRIMSBY is those days was mostly wilderness but was even then a busy little place. Four saloons, three stores and one church being located here. Mr. Farrell started to learn the shoe business with the late Jos. Whitaker whose shop was just opposite where Mayor Marsh now lives. Mr. Whitaker later moved to where the Council Chambers now stand—Mr. Sam Whitaker was also an apprentice in this shop at the same time.

John C. Farrell having learned his trade then accepted a position in St. Catharines where he remained ten months; then he opened a shoe store at Grimsby, remaining there one year after which he moved to a shop on Main Street. Business in those days was naturally conducted along the lines of the olden days. It was a matter of fact that the shoes of left shoes in those days. A pair of shoes were exactly alike and so that they would stay alike they were worn on alternate feet alternate days—the shoes worn on the right foot today would be on the left tomorrow and vice versa. Money was scarce in those days, a sort of bartering being the usual thing. A man would bring in his own leather, having had a hide or two tanned, would have his measure taken and upon completion of the shoes would

make payment in hay, oats, corn, buckwheat, pork, beef or other produce.

John C. Farrell remained in the Depot St. store for 23 years, then moved to the present store's location on Main street a little over 36 years ago. As time wore on John C. devoted most of his attention to the repairing end of the business, his son Will assuming the management which after his death C. T. Farrell took over and has been carrying on since.

For years the old back shop of Farrell's Shoe Store was the common meeting ground of the stalwarts of the community. Mr. Farrell all though served in civic office has always taken an active part in the affairs of the community and many a Reeve and Council has been nominated and elected in the "old back shop." Such leading men as the late W. F. Clarke, the late Jas. Doran and many others were regular visitors at the shop and the pros and cons of municipal affairs were always well brought out.

John C. Farrell has had the satisfaction of seeing his little cobbling shop grow into what is acknowledged to be the best shoe shop in the best district in Canada—the GRIMSBY Fruit Belt. A willingness to serve, a personal interest in each customer and a square deal to everyone has been the keynote of his success. He has helped and watched GRIMSBY grow from a wilderness to a thriving prosperous town and through all the hardships and strife of the early days he was only assisted and cheered on by his good wife, who also has lived with her husband in the Golden Sunset of life in health, happiness and prosperity.

Mr. Farrell on the 2nd day of January last passed the 81st milestone, while Mrs. Farrell has seen the snow and sun of 74 years. This happy old couple are still hale and hearty and retain all their faculties. They are always pleased to see old friends and have looked forward to renewing many old acquaintances during the Old Boys and Girls Reunion.

### INFORMATION

Both entrances to the race track can be used and automobiles will be parked inside the grounds free. All cars will be parked on an angle facing the race track from both sides, so that owners of cars and their passengers can hear and see everything that is going on right from their own conveyances.

### MERCHANTS !!

It is urgently requested that all merchants on Main street leave their store window lights burning, until midnight at least, during the three nights of the Old Boys Reunion. By so doing they will help greatly to illuminate the street and make everything brighter for all concerned.

### PARADE TIMES

All merchants, manufacturers, fruit growers and farmers, and all others taking part in the mammoth parade on Friday afternoon, MUST be on the track in their allotted section READY TO MOVE OFF SHARP at 2.30. All automobile owners taking part in the parade on Thursday afternoon MUST be READY TO MOVE OFF at 2.30. Both these parades will move sharp on time if the bands have to go alone.

The Old Town Never Was in As Festive a Mood as It Is Now—Town Is a Riot of Color—Streets and Homes Well Decorated—Several Additions Have Been Made to the Already Large Programme—Race Horses and Midway Concessions Arrive by the Dozens.

With wide flung arms GRIMSBY greets her children of former years. The old town never was in as festive a mood as it is now. Never have so many homes been thrown open at one time for the reception of guests. All week the Old Boys and Old Girls have been flocking home and the trains to-night and to-morrow will deposit hundreds more besides the many who will come by automobile. Playmates and sweethearts of former days will once again walk the streets and seek the old familiar haunts that were so near and dear to them in the childhood days gone by. Never has the old town looked so gay. Houses and stores have been wonderfully and beautifully decorated while the street decorations erected by Turner and Son of Peterboro are excellent in every detail. They have done their work well.

All trains will be met to-morrow by bands and the old familiar tune of Home Sweet Home will ring out on the airy zephyrs sweeter and softer and more lovely than ever before. To many hundreds of old timers that old song as played by the bands will be the sweetest piece of music they have heard in years.

Everything of the race track is all set. All stands and booths are in their places waiting for the arrival of the crowds, which are sure to be there at all three performances.

On York Avenue showmen are busy erecting their tents and booths and the merry-go-rounds are sure to provide their share of fun and shows. The big merry-go-round is here and has been the main attraction in town for two days now.

Palmer's big Free Vandeville Show will be here right on time and the grounds on Oak street are all ready to receive them.

The automobile parade promises to be the best decorated and the biggest motor parade ever gathered together in this part of the country. The mammoth parade on Friday will be a "pip" and will take nearly an hour to pass a given point.

Capt. John Blatter and his 40th Highlanders Band of Toronto will be here early on Friday morning and the genial Scotch Bandmaster has arranged a most wonderful musical programme for the big tattoo on Friday night.

Since the programme went to press arrangements have been made for Pontbilly and GRIMSBY to play a game of baseball on the school grounds at ten o'clock on Friday morning.

On Thursday afternoon Vineland, champions of the eastern section of the fruit belt will play a game of soft ball with the GRIMSBY team. This game starts sharp at four-thirty on the school grounds. On Friday afternoon the Stone Creek Champions cross bats at four-thirty with Jordan. On Saturday morning the winner of the Vineland-GRIMSBY game will play the winner of the Stone Creek-Jordan game. The game starts at ten o'clock.

Work on the Memorial Gates at the Highway entrance to Queens Lawn cemetery is being rushed rapidly forward by Contractor Robt. Gordon and they will be unveiled on Saturday morning at eleven o'clock. The 48th Highlanders band will supply the music for this event and the unveiling will be done by the oldest Old Boy Clergyman present at the Reunion.

On Sunday afternoon at four o'clock an open air church service will be held on Library Park, at which several Old Boy Ministers of all denominations will speak.

Already several race horses have arrived for the big race meeting on Saturday afternoon and this meeting promises to be the best ever held in the Fruit Belt. Some of the best and fastest horses in Ontario are now stabled in town and more are coming.

A big feature of the drama on the Midway on Friday night will be a big old time Corn Roast, put on especially for the Old Boys and Girls under the supervision of Henry Hillier. All the old times they used to have in the long long ago at the corn roasts and this one will be a real old fashioned one, open fire, iron pot and everything. All the Old Boys and Girls are invited to partake of this feast of corn, cooked in the old school days style.

There is no use talking folks, but this old town has wakened up and the greatest time in history will be held. Everybody is on their toes and fun and frolic will be running rife.

**FACTS AND FANCIES**

By Frank Fairborn

**Money 'Spent' and 'Wasted'—**

All over the Province of Ontario the  
electors are kicking about the enor-  
mous expenditure which the Drury  
Government is making on roads.

In my opinion it is not the enor-  
mous amounts that are being spent  
that is wrong—but the way in which  
they are being spent in where the  
wrong comes in.

I would not kick if double the  
amount of Provincial money was ex-  
pended on the roads, provided it was  
spent for permanent, good roads;  
but I certainly am a kicker when I  
know that such enormous amounts  
of money are being spent and a very  
small per-centage of it is for perman-  
ent roads; and the so-called "per-  
manent roads" are of a very inferior  
quality at that.

Between GRIMSBY and Jordan,

several miles of so-called permanent  
road have been built during the past  
two years.

On a road of this kind I certainly  
think the road, as laid down, should  
have been at least a first class road;  
but instead of that the now completed  
road is nothing more or less than a  
third class road.

I call the Toronto-Hamilton High-  
way a first class road—it is made of  
cement and will stand for many  
years; therefore I have no hesita-  
tion in classing it as A-No. 1.

Next to that, I would class a real  
good tarris road was a second class  
road; but the Provincial Highway  
from GRIMSBY to Jordan is not a  
real good tarris road; therefore it is  
not even a second class road—it is,  
in my opinion, a third class road.

There has not been sufficient tar-  
vis, or penetrating material, used in  
the construction of this piece of road,  
to make it a first class tarris road;  
and already it is wearing into waves,  
dips, ruts and bumps and there are  
many bumps between GRIMSBY and  
Jordan, on the new road.

In several places it looks as if it  
were going to "pick up" and I have no  
hesitation in saying that repair work  
will be done on this road inside of  
two years—therefore the proper class  
to put this road in, is the third class.

If, therefore, the Province is going  
to spend enormous amounts of money  
for third class roads, it is no wonder  
that the people are kicking, and in  
addition to this they have great  
cause to kick over the large sums of  
money that are being spent and  
wasted in repair work on roads that  
are just as bad one year after they  
are repaired as they were before the  
repair work commenced.

**BUYING PACKING HOUSE**

The Gazette learns that a number  
of Burlington growers are organizing  
a stock company for the purpose of  
taking over the packing house at  
Freeman owned by the Niagara Fruit  
and Produce Company. The growers  
need the property as a packing cen-  
ter. It is understood that the mem-  
bers of the new company consist  
mainly of the growers who are affil-  
iated with the Niagara Peninsula  
Growers, Limited and that the latter  
organization is prepared to run the  
property from the controlling com-  
pany. Apples and pears will be pack-  
ed in the building this season, and it  
is understood next year's tomato  
crop will be packed there too. We  
phoned the Niagara Fruit and Produce  
Company on Monday and they stated  
negotiations were under way, but  
the deal had not been consummated.  
Burlington Gazette.

An automatic feed operated by a  
spring has been developed in South  
Africa for doing the same work with  
rock drills that usually is done by  
hand.

**The Progress of Manitoba**

(1) On the left the Royal Alexandra Hotel, Winnipeg, and on the right a portion of the  
C. P. R. Station Building. (2) Fort Garry, Winnipeg.—A plate on the  
wall, presented by Winnipeg Canadian Club, tells its story.

**LITTLE TRIP  
BIG CANADA**  
by FRANK YEIGH

No. 8.—To Winnipeg and Thereabouts  
A Little Trip it may be called to  
Winnipeg and it is as surely in Big  
Canada, for the traveller begins to  
realize the immensity of area in this  
country of half-a-continent when the  
Port of the West is reached.

It is a miracle among Canadian  
cities in its rapid and steady growth;  
in its civic pride and consciousness,  
and in its bright future. It falls to a  
few centres of population to be the  
queen city for a thousand mile stretch  
to the Rockies, with room on  
hand in which to expand, and with  
nothing to prevent it but the "hush"  
of Hudson's Bay or the Arctic Sea, or  
the western mountains.

What kind of a bill-of-fare has "the  
Peg" to offer a visitor? If it is as  
new, must it not follow that it is raw  
and crude and heartless and there-  
fore, uninteresting? Nothing of the  
kind. Even if it is now, being a more  
trading post as late as 1870, with a

population then of only a few hun-  
dred, it has a historic background  
tinged with a romance that is pecu-  
liarly western.

Why, the very first sight on leaving  
your train, if it be an Imperial Limit,  
ed, is the original locomotive. "The  
Commiss of Bufferyn", that drew the  
first through train across the Conti-  
nent in the eighties. What a pigmy  
it is measured by the mogul of a mo-  
dern express train. And yet this  
striking difference in size and style  
in the measure of the development of  
Winnipeg; indeed of all the Canadian  
West. It bridges the gulf between  
yesterday and today.

Another measurement standard is  
had on emerging from "The National"  
train, in all that is left of Upper Port  
Garry—merely a gateway and square  
tower, where Time has covered its  
age-worn walls with ornaments of  
foliage and vines. What stirring tal-  
es the relatively ancient pile could

tell; of the stormy days of the Red  
River Rebellion; of Louis Riel and  
his short-lived "provisional govern-  
ment," of the murder of Scott by  
Riel and of all the storm and stress  
involved in settling up modern and  
stable government.

One of the many striking contrasts  
of the city is had in the massive pile  
of the Fort Garry Hotel dwarfing the  
little gateway into a mere detail of  
rough masonry. Whoever makes the  
Little Trip, should also see the Lower  
Fort Garry, still intact on the banks  
of the Red River at Selkirk, and  
there link up the past of the Hudson  
Bay Company, the Courcur de Bois,  
the red men and their dog teams.

And before leaving Winnipeg, see  
every park, sail up the river, motor  
over the wide tree bordered avenues  
and around the crescenta. Don't miss  
the new Parliament Buildings—one of  
the most exquisite specimens of archi-  
tecture in all Canada. Make a note  
of the exhibits in the Industrial Bur-  
eau Building, look in on a school  
with twenty-five nationalities repre-  
sented and finally see Winnipeg by  
night and day from the roof of the  
Fort Garry as a good-bye impression.

## MAINLY FOR WOMEN

### FRAUDULENT MARKING OF GOODS MUST CEASE SEPTEMBER 1

(By Capt. Evan J. Edwards, Senior  
British Trade Commissioner,  
Montreal)

Examples of foreign goods masquerading as British or Canadian are continually being brought to my notice. Some of these deceptions are of no moment, and some are made innocently, such as the Japanese manufacturer who marks his goods with the word "Nippon." Nippon is their native word for Japan, but probably to most people it appears as the registered trade name of a Canadian or British maker.

Other cases of improper marking are intentionally fraudulent, such as the markings of German manufacturers with English names and the names of English cities. I get not a few samples of German manufactures, for instance, with the name "Sheffield" on them as if they came from the celebrated cutlery centre. That is the rankiest of frauds, done deliberately to mislead buyers. At one time it was possible to detect the fraud, if one was acquainted with the appearance of German printing, which, even in Roman type, is different to English; but some German printers have secured fonts of English type, so that means of detection goes and as they have learned the need of using good English translators it is often not possible to see even from their catalogues where the goods were made.

**Rights of the Public**  
As the Minister of Finance remarked in his Budget speech, the Canadian public has a right to know from whom they are buying and if you go into any store and ask for Canadian or British goods you will quickly find how hard it is to find them. In the ramifications of business goods pass from one merchant to another and finally to the retailer, who cannot possibly tell in many cases where the goods he has on his shelves were made.

When the marking regulations come into force all goods made abroad will be marked legibly in English or French with the names of country they were made in, and according to the goods different means of marking will be used to prevent chance of injury. Some will be stamped, others branded, while things that cannot be so marked will bear labels. When the regulations come into full working order you will be able to tell Canadian goods because they will bear no country origin marking. Imports, on the other hand, will all bear the necessary mark, and to ensure that they do so, are, I understand, to be examined by Canadian Customs, and without any chance of the mark being altered here after importation.

For a while British and other manufacturers abroad will experience some little confusion, and they will certainly be put to some expense in making arrangements for marking their product, but they recognize in the United Kingdom that it will be very much to their advantage in the long run and are getting ready to comply with the Canadian requirements in this respect. Those who by accident or design neglect to mark their product as laid down will be quickly brought to book by Canadian

### RED AND WHITE GINGHAM FROCK

(BY MARIE BELMONT)

The pique frock is an essential in summer days. While formerly one might expect any very simple affair for such wear, the newest models are unusually pretty. The same old-time fabrics are used, although there is a great latitude in their trimming and in the lines on which they are cut. This attractive model is cut from a red and white gingham. The scalloped bodice is trimmed with a large gingham sash gives a distinctive finish. The straight skirt is elaborated with side panels which are also scalloped and bound with red gingham to match the finish on the bodice.

Customs, who are to hold unmarked goods mark them at the importer's expense and levy an extra duty of 10 per cent. on them.

### CARE OF MEN'S CLOTHES

With men's clothes at the prices they are it pays to take both time and trouble keeping them in good condition after the year's bought. It is a good plan to teach the boys of the family to clean and press their own clothing.

Men's clothes certainly need plenty of looking after, if they are to look and wear well. Heavy woolen cloth collects and retains dust, and if this is left in, shabbiness quickly results.

The very best way to get dust out is to beat the suit with a small cane, then lay smoothly on table and brush well.

Any spots should be sponged with a little ammonia and water unless they are caused by grease, which can be removed by spreading over the spots a paste made of Fuller's-earth or French-chalk, mixed with water to which a little ammonia has been added.

### FOR MOTORING OR YACHTING

(BY MARIE BELMONT)

There are so many occasions during the summer when a handsome wrap is needed that it is always well to have a coat that may be adapted for various uses. This wrap is made of bolivia cloth, with trimmings of silk. The sleeves are cut in one with the rest of the coat and they are distinguished by their wide cuffs. The coat is slightly bloused in the front, but is drawn snugly to the figure below the belt. The draped collar, the cuffs and the bulging pockets are made of blue silk serge that contrasts well with the beige bolivia cloth. Beige stitching enhances their beauty.

This should be spread completely over the spots, and allowed to stay on until next day, then brushed off with a perfectly clean brush.

Rubbing with chloroform, using a piece of the same material, will restore color which has been taken out by an acid.

### When Knees Get Baggy

To prevent coats from being pulled out of shape as they are likely to be if hung up by the neck or armhole, have a good supply of hangers in your cupboard or wardrobe.

Knee bags can be remedied. Turn wrong side out, wring a cloth out of cold water, lay over the baggy part and iron until the cloth is quite damp. Take away the top cloth and iron again until thoroughly dry. If carefully done, the cloth will have shrunk to its right shape again. You can press out almost any amount of superfluous fullness by repeating the process once or twice.

After the ironing, fold carefully, place in trouser presses, or under a heavy weight. A very good plan is to place the trousers when folded under the mattress of a bed, as the pressure thus afforded answers the same purpose as that of trouser stretchers, and helps to prevent them from becoming baggy at the knees.

### Removing stains

When taking stains from garments, the cleansing preparation should always be rubbed in a circular direction, beginning in a circle just outside the stain round the outer part, and gradually working in towards the centre. This prevents the stain from spreading any further.

A flannel dipped in ether will remove grease, fruit and wine stains. It can be obtained in small quantities from almost any chemist.

Five Wisconsin cities now employ postwomen.

## GRIMSBY HIGH SCHOOL HAS PROSPEROUS YEAR

All the reports of the midsummer examinations have now been published by the Education Department. GRIMSBY High School pupils again have a prominent place in the three examinations for which they prepared. Principal McVicar and his staff, consisting of Misses Talbot, McGregor and Scott have received the thanks of many pupils and parents and the congratulations of many others for their part in securing such splendid results. The reputation of the High School contributes much to the power of the GRIMSBY magnet. The details of the reports follow:

Passed the Lower School Examination:—W. Albert Phillips, Laura Phillips, Jessie H. Ramsden, Stephen R. Aubrey, E. Isabel Woolverton.

Passed the Middle School Normal Entrance Examination:—P. William Acres, W. Geneva Alkema (honors), Lillian G. Burgoyne, Ursula M. C. Christie, Catherine W. Geddes, Miriam B. Green, Annie C. Kelson, Margaret V. Lewis, Margaret Metcalfe, H. Irene Moyer (honors), Isabelle R. Peace, Grace M. Tuck, Viola M. Walker (honors). The three young girls who have obtained honors have been only three years at what is usually a four year or longer course.

Passed the Junior Matriculation Examination Complete Matriculation:—P. William Acres, W. Geneva Alkema, Lillian G. Burgoyne, Ursula M. C. Christie, Catherine W. Geddes, Miriam B. Green, Annie C. Kelson, Margaret Metcalfe, Isabelle R. Peace.

Partial Matriculation:—Richard G. Bull, Margaret M. Childer, Gertrude P. Coulson, H. Irene Moyer, Rein E. Thom's, Viola M. Walker.

New regulations are now being introduced in accordance with which candidates are credited with all papers on which they get fifty per cent. or more of the marks. By these regulations GRIMSBY High School has this year the following additional results: On the Lower School Normal Entrance, twenty-seven credits; on the Middle School Normal Entrance Examination, forty-five credits; on the Junior Matriculation Examination, forty-three credits.

### G. W. V. A. TO PURCHASE PROPERTY

The local Branch of the G. W. V. A. of C. held a joint meeting of all ex-service men, and the Ladies Auxiliary of the Association, in their old Clubrooms, on Thursday night of last week, to discuss the matter of quarters—ways and means of reorganization, etc.

A goodly attendance was present, and the report of the Ways and Means Committee was tabled.

Acting upon this report, and the recommendation contained therein, the Association passed a motion appointing five "provisional directors" to organize a holding company, and authorized them to purchase a piece of property, mentioned in the report, as a permanent home for the Association; and also appointed a strong canvassing committee to solicit the ex-service men of the district, and the general public for stock subscriptions.

Full publicity will be given this project as soon as the details are in shape for it—and in the meantime every ex-service man, be he a member of the Association, or not, is urged to get behind the present move in the right direction—and subscribe for at least one share of stock. The par value will be but Twenty-five dollars; with easy terms of payment. And any ex-service man who is not a member of the Association is also urged to join up now—and keep alive the pleasant links of memory forged in sterner fields of activity.

### GOLF CLUB

A well attended meeting of the Deer Park Golf and Country Club shareholders, was held in their Club House, Deer Park, on Saturday afternoon of last week, and many matters of importance to the Club were discussed.

Reports were received from the various Committees, and recommendations suggested by them were adopted. It was decided to defer the formal opening of the course and Club House until the spring of 1922, but in the meantime the course may be played over, and the tennis courts used by the members and their families, under winter rules.

Relative to dues, it was decided that no yearly dues be payable until the Club House is ready for opening and ready for use and the members present were urged to make a united drive for membership amongst their friends. A strong Committee headed by Dr. J. F. McVay was appointed and will commence work immediately with a view to increasing the membership of the Club and spread the glad tidings to the community that there now is ready for their use, contingent upon their joining the Club, one of the finest hard tennis courts to be found in the Peninsula and one of the best nine hole golf courses to be found in Ontario. The courses will improve with use, and present members were urged to get out their clubs and go to it. The Club House, when completed will be unsurpassed in Canada, in its line on the word of members who have been guests and members of other large golf clubs—and its surroundings will be most beautiful and restful. It but needs a trip to the grounds to make one eager to join and participate in the many pleasures—socially and otherwise—that this Club will provide for the residents of the district.

Within a very short time, it is proposed to have an informal afternoon reception at the Club House, when tea will be served, music provided by a competent band or orchestra and a general inspection of the whole project made, under the guidance of the directors and members, by the guests.

## GRAPE GROWERS ARE MAKING BIG SHIPMENTS

The grape crop of the Niagara peninsula, the same as the other fruit crops, is two weeks ahead of the usual ripening date this year. Express shipments were started last week and on Monday of this week the first carload lot was shipped out by the Niagara District Grape Growers, Limited.

The "Champions" are the variety being shipped and from Monday on at frequent intervals.

Managers Montgomery feels confident that the number of grapes put up in baskets this year will be equal to that of the past years, despite the shortage in the crop.

This is due to the fact that the wine manufacturers are taking only a small per-centage of their usual amount; and also because many growers are packing in baskets this year who always sold in bulk in the past. The company looks for a better average price for the year than that obtained last season.

### High Prices in Michigan

Paw Paw, Mich., Aug. 20.—Despite the fact Americans are turning their back on their national drink—grape juice—Michigan farmers will receive the highest prices in history for their grapes this fall.

Leo E. Prater, treasurer of the National Grape Growers' Association, predicted today that Michigan grapes would bring an average price of \$150 a ton, with a maximum of at least \$300, compared with a \$90 average last year and a maximum of \$114. Ten years ago they brought \$20 a ton.

The reason for the increased prices was a late spring abet storm, which reduced the crop to about 25 per cent. of normal. Southwestern Michigan will ship not more than 1,500 carloads of grapes this year, averaging perhaps 30 tons to the car.

Grape juice factories, which ordinarily take about a third of the output, will not buy a pound of grapes this year. They have an enormous surplus on hand as the result of the public's refusal to pay the high price for grape juice at soda fountains, in comparison with other soft drinks, because of (3) extra ad valorem tax on the beverage. An effort will be made to induce Congress to eliminate this tax.

## BOY SCOUT NEWS AND ORDERS

PARADES—There was no Scout Parade on Friday evening last owing to the Troops and Pack being under canvas at Long Beach, Lake Erie. A full account of this outing by the units will be found in another column.

The Troops will parade on each day of the Old Boys Reunion at nine o'clock in the morning—at the INDEPENDENT Office, for detail as badge salesmen, guides, messengers, etc. Full instructions will be issued to the parades as they form. The Band will parade, daily, during the Reunion in accordance with the Time Table in the hands of Scoutmaster Summers. There will be no regular Friday night parade this week.

STRENGTH—Postings, Promotions, Tests Passed—etc., etc., since the last appearance of Orders, will be detailed in Orders of next week.

J. A. M. LIVINGSTON, District Scoutmaster.

### ST. JOSEPH BAZAAR WINNERS

The St. Joseph Bazaar is over and in spite of the rain and some other little troubles it was a success. My deepest thanks to all; to the generous manufacturers and merchants of GRIMSBY who offered the prizes; to the Reeve and ex-Reeve; to the Magistrates of the Town; to the orchestra and to all and everyone who were co-operating in any way for its success by their offerings, their work and their presence.

In grace of them all, we are able now to meet our needs and to provide for winter. May our dear God be generous to all with His choicest and sweetest blessings.

Yours very grateful,

Father Jos. Longo, P. P.

### Winners of the Prizes

1st, white metal medicine cabinet, donated by Metal Craft Co., GRIMSBY—N-715-C, winner Mr. F. Hand, GRIMSBY.

2nd, aluminum coffee percolator, donated by Jas. Wray—Winner Mr. C. Corona, Beamsville.

3rd, electric toaster, offered by Radiant Electric Co., GRIMSBY—N-574-B winner, Mr. J. E. Scott, GRIMSBY.

4th, beautiful wire chair, donated by GRIMSBY Steel Furniture Co.—N-715-C, winner Mr. M. Smith, GRIMSBY.

5th prize, N-610-B, winner Miss Bartlett, Beamsville.

6th, artistic aquarium—N-365-B, Mr. S. J. Clement, Toronto.

7th, pair prize towels—N-904-B, winner Miss Ad. Dell, Winoona.

8th, artistic candlesticks—N-600-C, winner Mr. A. E. Cole, GRIMSBY.

Winner of the hand-painted centre piece, M. C. Snyder.

Winner of the bed spread, Mr. Jas. Coulson.

## The Rexall Stores CANADA'S FAVORITE DRUG STORES

## TO ENTERTAIN YOUR VISITORS AT THE BIG REUNION

Big new stock of merchandise that you'll be needing. Read over this list and come early, please.

**CHANCE TO DISPLAY CANADIAN  
FRUITS**

The Imperial Fruit Show, to be  
held in the Crystal Palace, London,  
Eng., Oct. 26 to Nov. 5, will, if  
present indications apparent in early  
entries are fulfilled, be the greatest ex-  
hibition of its kind ever held in Great  
Britain. In preparing the prize list,  
special attention has been given the  
commercial section, and the classes  
provided will include an unusual  
number designed to attract commer-  
cial packs and single entries of con-  
siderable bulk. For once at a British  
fruit show of such importance place  
exhibits and entries of small lots will  
be a matter of minor importance as  
compared with the large-lot entries,  
though a sufficient number of classes  
best calculated to provoke the inter-  
est of amateur growers and those in  
a commercial way who favor the pro-  
duction of outstanding quality at the  
expense of large quantity. In addi-  
tion to the competitive section has  
been provided, in which shippers,  
growers or associations of growers  
can make display of their products  
or collections of fruits.

There are three main divisions of  
the commercial section of the show,  
namely: The United Kingdom sec-  
tion, open to growers and associa-  
tions of growers in the United King-  
dom; the overseas section, open to  
growers in any part of the British  
Empire other than the United King-  
dom; and the British Empire section,  
open to bona fide fruit growers or  
associations of growers in any part  
of the British Empire. The classes  
open for entry in the overseas sec-  
tion, as arranged by the Canadian  
fruit trade commissioner, are: Wealthy,  
Snow, McIntosh, King, Golden  
Russet, Spy, Blenheim, Orange, Jon-  
athan, Cox's Orange Pippin, Spitzen-  
berg, Greening, Newton Pippin, Stark  
and any other variety of apple. Six

**MUSIC**

Mrs. W. E. Johnson, pupil of the  
late John Kennedy, and other London  
masters of voice production, is now  
giving singing lessons, employing up-  
to-date approved methods as recently  
studied.

Pianoforte also taught—children a  
special feature, according to modern  
ideas on child mental culture.

For terms, hours of lessons, and  
other details, write P. O. Box 157, or  
call between 7 and 8 p.m. Address,  
Livingston Avenue, Grimsby.

**Tomorrow Alright**

**Nature's Remedy**

Get a  
Box  
**W. M. STEWART DRUG CO. LTD.**

boxes of apples constitute an entry.  
The Province of Ontario will be  
represented at the big show by a dis-  
play including all fresh fruits avail-  
able in suitable varieties at that sea-  
son, and as the show provides an ex-  
cellent opportunity for attracting the  
attention of the British public to the  
excellence of fruits grown in Canada,  
it is hoped and expected that indi-  
vidual growers, growers' organiza-  
tions in all parts of the Dominion  
will assist in making the Canadian  
section second to none in point of ex-  
cellence.

**CANADIAN CANNING INDUSTRIES**

The Canadian Bureau of Statistics  
reports that in 1919 there were in  
Canada 120 canneries, 40 preserving  
plants and 77 evaporating plants.  
Capital invested was as follows: Can-  
neries, \$10,132,632; preserving plants,  
\$1,597,258; evaporating plants, \$1-  
225,453.

The total number of employees in  
all plants was 5,954 (2,551 male and  
3,403 female workers), and the ag-  
gregate of salaries and wages was \$3-  
184,062. The great majority of the  
workers received between \$15 and \$24  
per week.

Materials used were given a valua-  
tion on the basis of cost delivered at  
the factory or works, as follows:  
Preserving plants, 1951,814; Canner-  
ies, \$9,650,623; evaporating plants,  
\$6,540,795. The selling value of pro-  
ducts at the works was \$1,672,217 for  
evaporated fruits and vegetables, \$16-  
013,292 for canned products, and \$9-  
042,351 for preserved products.

Tomatoes were the most prominent  
item in the list of canned products,  
with 1,535,460 cases, valued at \$5-  
154,882. Corn is the vegetable next  
in popular favor, with a production  
of 659,690 cases, valued at \$1,975,995.  
Beans are far in advance of peas,  
with a pack of 228,999 cases, valued  
at \$1,270,336; peas totalling 379,181  
cases, worth \$398,162. Canned jams  
amounted to 6,440,402 pounds, valued  
at \$1,261,907, and preserved jams,  
30,432,631 pounds, valued at \$4,412-  
750.

## STUDEBAKER CARS SET NEW RECORDS

News of more "first" established by Studebaker cars has just been received by F. E. Russ, local distributor of Studebaker cars.

A dispatch from Nevada City, states that the first automobile to come over the Yuba Pass under its own power this year was a Studebaker,

carrying Mr. and Mrs. Oscar Lister, of Boise Valley, Idaho, and their children, together with camping equipment weighing nearly 500 pounds. They were enroute from their home to Southern California, and essayed the difficult trip over the Yuba Pass without experiencing trouble.

From Spokane, Washington, comes the report of another Studebaker,

piloted by J. H. Collins, of Coeurville, accompanied by his wife, who drove their car to Seattle and established the record of first crossing the Snoqualmie Pass. There is always considerable interest in the first car to come over this pass leading over the Cascade range, as it is usually blocked with snow until late in the season. Upon leaving Seattle Mr. Collins was told that the pass would not be open, but he determined to not cut and go as far as he could. On the summit he was held up for nearly an hour waiting for workmen to let him through. He encountered more than eight miles of snow in making the ascent and had to resort to chains in negotiating this stretch.

To a Studebaker car has gone the honor of replacing the malamute dogs and horse stages away up in the far northern snow-covered country of Alaska. It is a touring car, too, that is doing this job and it is being operated by Jack Collins, a "sour dough" on the route of Anchorage, Alaska. Latest reports state that the car is proving its ability to travel anywhere the malamute dogs and horse stages can go, and to cover the ground in one-third the time.

## USED CAR BARGAINS

\$995.00 buys Overland Roadster. Good motor and tires.

\$865.00 buys Chevrolet Touring. Engine overhauled. 4 new tires.

\$785.00 buys McLaughlin Touring. Excellent shape. Beyond a bargain.

## CARRYING YOUR BED ALONG

Many inventors have taxed their brains to contrive means whereby an automobile might be converted into a sleeping car for night use.

Newest in this line is a device patented by Hans C. Anderson, of Minneapolis. It is a double cot-bed occupying the interior of the car, being upheld by four legs just high enough to clear the backs of the seats.

The frame of the bed is composed of a front rail, a back rail, two side rails and a middle rail running lengthwise from end to end. The front rail is upheld by two legs whose feet enter holes in the floor of the vehicle. The feet of the two rear legs are engaged by holes in the back seat, the cushion being pushed forward to allow this.

The side rails carry brackets into which the end rails lock, and the latter are notched to receive the middle rail. A canvas sheet is fastened to the side rails and middle rail, and when the parts are locked together and all five rails rolled up in the canvas sheet, they form a bundle which may easily be carried on one of the running boards.

When practicable, it is desirable to remove the steering wheel from the steering post shaft, so that it may not project upward against the canvas.

## RULES FOR THE ROAD

Keep to the right of the road.  
Slow down at crossings.  
Signal for a stop or turn to the cars behind by holding out the left hand.  
Apply brakes slowly. Change speed rates slowly. Drive carefully.  
Be prepared to help any motorist in trouble on roads distant from garages.

# "Built in Canada" Studebaker LIGHT SIX

**Studebaker invested \$20,000,000 so that you could buy this Light Six at the low price of — \$1885**

Twenty million dollars invested in modern manufacturing facilities make it possible for you to purchase the Studebaker Light Six at a price much less than any other car of comparable quality. These unexcelled facilities and the great demand that keeps Studebaker factories running at peak production, are responsible for the low price of this wonderful car.

See the Light Six at your earliest opportunity. Ride in it—put it to every test—and see just how much real quality you get in this car for \$1885.

**REDUCED PRICES, EFFECTIVE JUNE 1st**  
Touring Car—\$1885 Coupe-Roadster—\$2385 Sedan—\$2885  
All prices f. o. b. Walkerville, Ontario. Excludes of sales tax.  
All Studebaker Cars are Equipped with Cord Tires  
Dealers for Grimsby and District—

**This is a Studebaker Year**

# Give us a Hand!

**CITIZENS of Ontario**—The only salvation for Ontario's revenue-producing forests is the prevention of forest fires. Your support and co-operation is absolutely essential.

Forest fires are rapidly diminishing our resources of timber and pulpwood. Over 90 per cent. of Ontario's forest fires are caused by human carelessness.

If everybody was careful to prevent the start of fire, Ontario's Forest would be safe.

## Save Ontario's Forests They're Yours

**BUSINESS MEN of Ontario**—Lend us a hand. The various business associations—of bankers, boards of trade, manufacturers, merchants, lumbermen, engineers, educationalists, tourists, and sportsmen, and all other bodies of weight and influence, can do a great work for this province and for their own interests as well by actively promoting educational propaganda to reduce forest fires.

**RAILWAY OFFICIALS** can help. Railways cause 40% of Ontario's Forest fires. The Forestry Branch is being well supported by improved co-operation on the part of railway officials and by the Dominion Railway Board. Let us reduce the number of railway fires one-half this summer. (The train passenger in Northern Ontario who nonchalantly throws his cigarette or clear out of the window during the forest fire season is deserving of a jail sentence!)

**CAMPERS, tourists, fishermen, picknickers, berry pickers, prospectors and hunters** should feel their responsibility even though out of sight of the policeman.

**SETTLERS** can co-operate by exercising more care in setting out fire on their own property.

**LUMBER FIRMS** can help by impressing on all foremen the need for carelessness. River-drivers in dry seasons should be specially warned. Gangs of men going in and out to the camps need special attention, because of the danger along the slash-lined trails from the inevitable cigarette.

**THE PRESS** could do more public-spirited constructive work to reduce forest fires than any other single agency. This is a non-political campaign in which the whole press could join.

**LEADERS OF PUBLIC OPINION** in every community should be the first to extend a helping hand. Tell the Chief Ranger or write the Head Office any time you have information or suggestions to impart, or questions to ask.

**GIVE US A HAND!**  
Parliament Buildings, Toronto

Ontario Forestry Branch

Be prepared to give pedestrians "lifts" on country roads.  
Stop car and engine moving drivers with sheep, swine or cattle on country roads.  
Park only at side of road, leaving fairway.  
When buying produce in the country, park alongside road, not on the road.  
When parking at night leave warning lights.  
Have headlight dimmers and use them when meeting and passing other motorists at night.  
When picnicking, carefully put out picnic fires.  
When picnicking do not trespass to gather wild flowers, tree branches, blossoms, fruits or shrubs.  
When picnicking clean up thoroughly, removing from sight all cans, papers and rubbish.  
Give all vehicles, especially loaded trucks, a good half of the road.  
Take hills on the right side of the road. Go over the crest carefully. Avoid coasting or speeding around curves at foot of hills.  
Be courteous to pedestrians. Do not splash water on them as they stand at crossings or near curbs waiting for you to pass.  
Avoid street cars carefully at stops.  
Learn and follow the local traffic rules, speed limits and driving ordinances. These are made for the common good of all drivers, including yourself, and of all pedestrians.

## HONE AND HOME GAMES FOR MARSHALL TROPHY

Fonthill at Grimsby, Aug. 26.  
Grimsby at Smithville, Aug. 30.  
Smithville at Fonthill, Sept. 3.  
Smithville at Grimsby, Sept. 10.  
Grimsby at Fonthill, Sept. 17.  
Fonthill at Smithville, Sept. 24.

## FONTHILL—REAL SPORTSMAN-SHIP

The Fonthill team have always played the game and once again have shown their sportsmanship by putting up the Marshall Trophy for home and home games between Smithville, GRIMSBY and themselves. In conversation with L. J. Farrell, the Fonthill manager, explained that his team and Beamsville had the advantage over the other two teams on account of having played last season, and as these two teams are considerably stronger than at the beginning of the season Fonthill thought it only fair to give Smithville and GRIMSBY a chance at the cup. A new schedule has been drawn up so the fans will see some real baseball during the coming months. Fonthill is playing a game against the local team in this series on Friday the 26 at ten o'clock. The whole Fonthill countryside will be on the job to cheer their team and incidentally take in the Reunion. The season's biggest crowd will be on the job.

## LEFT OVERS WIN ONE

After going down before the G. H. S. team in two strenuous games the Left Overs stepped on the gas Tuesday night and when the smoke cleared away the score was Left Overs 5, G. H. S. 4.

The G. H. S. team has won the second section of the league so the McBridge-Parrell aggregation had to win one to stay in the running. Each team copped one run in the first and the School came back with another in the second. In the first of the third the Left Overs showed three across the pan, hit by Bonham, VanDyke and a clean cut homer by "Doc" Farrell doing the trick. In the fourth the School accumulated another, making it 4-2 and the fans settled down for another tight game but the Left Overs were not to be denied—they gathered in two in the sixth, one in the seventh and another in the 8th, while the School were only able to get one in the 8th. For the winners Bonham, hitting well and fielding every light, batted his way. "Doc" Farrell was also there with the hickory and made a beautiful running catch.

F. Burgess in centre field for the School was the most prominent. McBridge and Wilson both were touched up frequently.

## CARD OF THANKS

Mr. and Mrs. Thomas Liddle wish to express their sincere thanks to the members of the GRIMSBY Fire Department, and the citizens generally for their prompt action in extinguishing the fire at their barn, last Wednesday afternoon.

## \$5 REWARD

For information that will lead to recovery of black bicycle No. 42561—20-inch frame, 28-inch wheels, stolen from my office, Main street, about a month ago.

Information to G. B. McConachie or J. O. Konkle, Grimsby.

## YOUNG ORCHARD REPAYING CARE

In the neighborhood of Oakville, where most of the soil is well suited to fruit growing, and where a market for the products from this type of farming is close at hand, it is a peculiar fact that one will find some of the most neglected-looking apple orchards in the Province. On certain large estates bordering the highway, of course some trees are kept in good condition, but there are few large orchards on a paying basis. Apparently farmers in the vicinity of Oakville are more concerned with the selling of their land than they are with apples.

A few miles north of the town, however, there is a 25-acre plantation, owned by Walter Garland Smith, that is an exception to the general rule. Although set out more than 15 years ago, until very recently this orchard was hardly a paying proposition. The trees had not made good growth, disease had not in, and the place was none too well drained. "During the war and before," said Mr. Smith to the writer when visiting Ridgewood Farm last week, "the whole orchard was in sod—labor was too scarce then to be employed for the purpose of breaking it up."

Mr. Smith wanted to put his orchard on a paying basis, and as the varieties were all popular, with sufficient variation to insure a steady supply of fruit from August until March, and a large market was close at hand, he thought the scheme quite feasible. Robt. C. Ecclestone, a brother-in-law from the Okanagan Valley, took charge of the work a year ago.

The sod was broken up late last fall and a cultivator put in this spring which worked the clay loam up to a state of garden tilth. The trees were rigidly pruned, a dormant liquid spray applied, followed by three dustings. A cover crop of barley was sown in July and thinning of the early varieties commenced about 10 days ago.

"In the Okanagan Valley," stated Mr. Ecclestone, "we make a regular practice of thinning, and get results. The manager of the Coldstream Orchards at Vernon paid out no less than \$3,000 for this work a year ago. You never see any props in the orchards in British Columbia, either," continued Mr. Ecclestone, "as we thin with the idea of only leaving on that fruit the tree can bring to maturity as No. 1's."

The fruit thinned out from the Westlakes on Ridgewood Farm was not altogether a loss, being sold for \$5.50 a barrel in Toronto, but the work was carried out a month after it should have been, and there will be comparatively few No. 1's in consequence.

All the apples from this orchard will find a ready sale in the city of Toronto and will be brought to market by motor truck. Judging by present prices, the plantation will more than pay this, practically the first bearing season.

There are plenty of orchards within 30 miles of Toronto which can be saved from neglect as Mr. Smith saved his. The land, as a rule, is suitable for fruit and a market is assured. There is certainly something wrong with our system of farming thousands of miles away, can out the small apple producer—whose farm lies just beyond the city limits—from the Toronto market, particularly when the consuming public prefers apples grown in Ontario.—Toronto Globe.

## COLLEAGUES HONOR WIGGINS

(Toronto Star)

The employees of the eastern division of the Canadian National Express Company Wednesday night presented Mr. F. N. Wiggins, superintendent, with a sterling silver tea service as a token of esteem in which he is held, and expressed their regrets at his departure for Moncton, N. B.

Mr. Wiggins left for the east Friday night, and the best wishes of the employees of the eastern division go with him.

Among the out-of-town guests present were the following agents: L. R. Hight, Montreal; B. O. Martin, Ottawa; D. Harrison, Trenton; R. C. Harris, Deseronto; R. W. Burnham, Brockville; B. K. Kidman, Sudbury; and A. P. Stillman, traveling agent, Belleville.

Mr. Wiggins is well known in GRIMSBY, being a son-in-law of Thos. and Mrs. Walker, Elm St.

We print O. K. B. Stationery.

## MOORES THEATRE

Mon., Aug. 28—Carmel Myers in "Cheated Love" and 4th Episode of "Velvet Mystery."

Wed., Aug. 31—Mack Sennett in "Married Life" and a Pathé.

### UNVEILING CEREMONIES ON SATURDAY

The unveiling ceremonies of the Memorial Gates at the Highway entrance to Queens Lawn Cemetery will take place on Saturday morning at eleven o'clock sharp. Capt. Canon Fournet will be the speaker for the occasion and the unveiling will be done by the oldest GRIMSBY Old Boy Clergyman, home for the Reunion. The 48th Highlanders band will play appropriate selections and the Boy Scouts Band will sound the Last Post. Sharp at 10:45 the 48th Band, Boy Scouts Band and the Girl Guides will leave the Village Inn for the cemetery.

### ELBERTAS ON MARKET

(By Mills)

Who said peaches? A couple of weeks ago Frank Crooks of Beamsville started to pick St. John peaches and many wondered. On Saturday last Crooks, Jr., went up through the orchard and when he came back reported Elbertas ready to pick. And they have picked a lot of them. Think of it! Elbertas in August! But we know they are there, (or rather here) because we got a beautiful basket full and not one of them is under eight inches in circumference.

### THANKS, FOR ALL BLESSINGS

Many many a year since last we gathered here, For Prayer and Praise. Today we sign to hear, Loved voices sweet and clear, Gone! yet forever near All through the days.

Brought back on memory's wing, Thoughts now around us cling, Of days of yore. As we the past review, And friendships, fond, renew, We pledge our love anew, Hence, Evermore!

While life's brief day shall last, Thanks, for all blessings past, To God be given! And on the eternal shore All earthly partings o'er, Grant us forevermore

Written by Rev. W. E. Gurney, an A home in Heaven! Amen. Old GRIMSBY Boy, for the Reunion.

### WELCOME HOME YK OLD BOYS AND GIRLS

Ye Old Boys and Girls, we welcome you home To the town where you spent the first years that you know, To see the old faces and shake the old hands, Of relatives and friends whom you loved long ago.

The housewives are busy preparing the best Of eating and drinking in each ones behalf, To help make good cheer for the incoming guest, And the butchers have slaughtered the fatted calf.

The hydrants are painted, the streets are all cleaned; The houses are flagged from the roof to the ground, With flowers and music along the highway No jollier town than this can be found.

The Mayor will be there with the badge of his office Pinned on the flap of his best Sunday coat To welcome the Old Boys and Girls to their home town As they step from the train, the trolley, or boat.

Then here's the glad hand to the Old Boys and Girls, To welcome them home to the town of their birth, With every one happy and all full of fun We'll paint the town red, with our songs and our mirth.

—A. Donehue.

## Letters To The Editor

### TO THE TOWN OFFICIALS

Mr. Editor:—Through the medium of your valuable paper I respectfully wish to draw to the attention of the Town Councilors, the M. O. H. and the Board of Health to the fact that up to date (Aug. 23) no stenosis has been perceptible from the creek which borders Pison street and the G. T. R. track. This in all probability may be owing to the fact that the running of tomatoes has only just commenced and that the full complement of imported labor has not yet arrived. Trusting that this happy state of affairs may continue, but wait and see and smell.

Yours respectfully,  
A Resident in the Locality.

## BRITAIN'S KING HONORS DEAD

### Buckingham Palace

"I join with my grateful people in sending you this memorial of a brave life given for others in the Great War."

"George R. I."

The above letter from a grateful monarch accompanies a memorial bronze plaque that is being sent by the British Government to next of kin of those fallen in the Great War. The one from which is taken the description has been received by Mr. and Mrs. Herbert W. Sharp who lost two boys, Reginald and Maurice, overseas. The plaque is a solid bronze disc four and three quarter inches in diameter and weighs about three quarters of a pound. The reverse is plain but the obverse pictures Britannia with trident and laurel wreath, and the British lion at her side. Around the side "He died for freedom and honor" and in a panel the name of the honored boy.

The magnitude of the undertaking can hardly be realized, as nearly a million men gave all in France, Flanders and Belgium and there are few but whom left some relative to which the British War Office will send this memento.

### PATTERSON—COULSON

A quick wedding took place at St. Joseph's Church, GRIMSBY, on Wednesday, Aug. 17th, when Kathleen Irene, daughter of Mr. and Mrs. James Coulson, was united in marriage to Robert Anthony Patterson of Mechanicsville, New York. Rev. Father Longo officiating. The bride, who was given away by her father, looked charming in a navy suit of tricotine, with large navy hat, and wore a bouquet of Sunset roses. She was attended by her sister Miss Violet Coulson. The best man was Mr. Edward Patterson, brother of the
